

<b>Name</b>	<b>Overall feedback from Quality Management Review (22.1.2016)</b>
-------------	--

*"Maltby Academy is a secondary school near Rotherham. It currently can offer BTEC QCF provision in the areas of Applied Science, Business and Management, Caring Services, Learning and Development, Personal and Work Skills, and Sport and Recreation. The overall management of BTEC provision quality assurance has improved significantly since the appointment of a new Quality Nominee in September 2015. The level of support provided by the QN which is based on sound professional practice and personal effort as provided to delivery teams has evidently been reciprocated by all the vocational teams, by their continuous planned improvement, and the maintenance of formal and rigorous quality assurance of their programmes. Individual teams are evidently striving to and are achieving best practice. The centre maintains a strong and current data base and analyses this down to individual learner level to encourage and set appropriate individual stretching targets. The centre is planning to further develop is BTEC provision into the NQF areas based on the established foundations of good practice."*
